For different successful Leaders

A new issue is out now!

Fast food is junk food.
Fast art is junk art.
People get by with junk
But get moved with only what took time.
Are you owning your time?
To think?
To create?
To strategize?
To uncover what you really want?

Stop that scroll.
Don't worry,
Noise will stay put, waiting
If you ever choose to come back
To get by
Or
To move others
With your art.

Own your time

Cut the jerk way

People will tell you, you need to be a jerk to become a successful leader, but that's a trap. Jerk leaders are in pain, all the

That's	why	they	push.
That's	why	they	blame.

That's why they mistake playing safe with being stuck. Ouch.

Lucky you, you're on a different journey.
